

REMARKS

The Patent Office mailed a Notice of Drawing Inconsistency with Specification on February 5, 2009, which indicates that the drawings filed on April 16, 2001 have an inconsistency with the Brief Description of the Drawings section of the specification. Specifically, the Notice points out that the Brief Description of the Drawings section refers to Figures 64A and 64B, but the drawings include only a Figure 64.

To address this inconsistency, Applicant has amended the Brief Description of the Drawings to replace the wording "Figures 64A-B" with "Figure 64." As such, all issues raised in the Notice are believed to be resolved, and issuance of the application is respectfully requested.

Applicant believes no fee is due with this response. However, if a fee is due, please charge our Deposit Account No. 23/2825 under Docket No. A0734.70001US00 from which the undersigned is authorized to draw.

Dated: February 23, 2009

Respectfully submitted,
